

SUMMER SOLUTIONS FOR MATH

Dear Parents,

Research shows that children lose skills learned the previous school year during the summer months. I am planning to offer the Summer Solutions workbook for math to anyone who would like to order it. This book will have the same format that the students experience during the school year. The workbook has 30 review lessons (the answers and help pages are in the back of the book). Each student turning a corrected workbook to their next year's teacher will have their lowest math quiz grade dropped in the first marking period of the next school year. Please see below to place your order.

If you would like to view sample pages go to www.simplesolutions.org and click on "Summer Solutions Math" and click on your child's present grade level. If you have any questions, feel free to contact me.

Blessings,

Julie Smith
Curriculum Coordinator

All orders must be turned in to your child's teacher by Thursday, May 6, 2010.

TO ORDER:

Each Summer Solutions Grade level book is \$10.00. By ordering through the school, you will not pay a shipping fee.
