

# Welcome to the School Announcement 2.0 Parent Portal

Dear Parents,

This letter is to introduce you to School Announcement. This is a voice notification system that Queen of Angels Catholic School uses only in cases of emergencies at the school. In the event that we must close the school during the day while students are present, we will use this system to notify parents of the need to immediately pick up their children.

Only the youngest child or only child's name is listed. There is no need to add the rest of your children's names, since they all have the same phone numbers. Please log into the website portal to update your contact information and add additional phone numbers. The Parent Information Portal enables you not only update contact information, but choose which numbers you would like notified in each situation.

The following is a step-by-step instructional demonstration on how to create your username and password on the School Announcement web portal. Please read the directions carefully to complete this process.

To log into the site please go to <http://portal2.schoolannouncement.com/parent>
