

Mrs. Julie Smith, our Curriculum Coordinator, highly recommends the Summer Solutions for **Math** workbook for every student to keep math skills sharp.

Summer Solutions workbooks are \$12.00 each and shipping is free when you order using our school code.

Keep the two steps forward. **Lose the one step back.**

Summer learning loss puts students at a serious disadvantage.

This is when skills and knowledge are lost over the summer months, causing students to move backwards instead of progressing.

By spending just **minutes a day** with *Summer Solutions*, students get the practice they need to keep moving forward. It was designed to help students return to school after summer break confident in the skills they've already learned and ready to master new ones.

**Your child worked hard all year. Make sure that progress sticks.
Give your child the advantage of *Summer Solutions*.**
